13 ago 2018

Introduction

2018 Forest Inventory course - Collective students’ work

Students, as homework, were asked to search for scientific papers presenting ‘taper functions’ and to compile a collective Rmarkdown document shared using GIT.
Rearranging their work, this document lists their findings.

Results of students’ searches

Article ID: 1 === (Scolforo, McTague, Raimundo, Weiskittel, Carrero, and Scolforo 2018)

Comparison of taper functions applied to eucalypts of varying genetics in {Brazil}: application and evaluation of the penalized mixed spline approach
